- User Manual: Arabic, Czech, Danish/Norwegian, Dutch, English, Finnish, French, German, Greek, Italian, Malay, Polish, Portuguese, Russian, Simplified Chinese, Spanish, Swedish, Traditional Chinese, Turkish

Dimensions
- Set dimensions with stand (W x H x D): 222.6 x 182.2 x 33.2 mm
- Weight: 0.34 kg
- Temperature range (operation): 0°C to 40°C
- Temperature range (storage): -10°C to 60°C

Power
- Power supply: 100-240 VAC, 50/60 Hz
- Power consumption: (System on) 5.5 W
- Power mode supported: AC powered
- DC output Ampere: 1 A
- DC output Volt: 9 V

Packaging dimensions
- EAN: 87 12581 49579 4
- Number of products included: 1
- Packaging type: Carton
- Packaging dimensions (W x H x D): 25 x 21 x 9.5 cm
- Gross weight: 1.13 kg
- Net weight: 0.88 kg
- Tare weight: 0.25 kg
- Packaging dimensions (W x H x D): 9.8 x 8.3 x 3.7 inch
- Gross weight: 2.491 lb
- Net weight: 1.940 lb
- Tare weight: 0.551 lb

Outer Carton
- GTIN: 1 87 12581 49579 1
- Number of consumer packages: 2
- Gross weight: 2.54 kg
- Outer carton (L x W x H): 26 x 20 x 21.9 cm
- Net weight: 1.76 kg
- Tare weight: 0.78 kg
- Gross weight: 5.600 lb
- Outer carton (L x W x H): 10.2 x 7.9 x 8.6 inch
- Net weight: 3.880 lb
- Tare weight: 1.720 lb

Highlights

imagen Pro
The unique Philips imagen enhancement technology automatically analyses your photos to correct colour and adjust for optimal contrast. imagen Pro is a more advanced image enhancement which includes the 3 essential elements from imagen to have more colour accuracy, colour depth and smart contrast. On top of these, imagen Pro offers enhanced skin colour, sharper images and flicker-free photo viewing which is very important for still pictures.

4:3 perfect frame ratio
Philips digital PhotoFrame ensures your photo is displayed in 4:3 ratio for the best viewing experience.

Animated Clock
Switch to this relaxing and colourful clock when you don't need to view photos. Instantly, your PhotoFrame becomes a clock. The Animated Clock is ideal for children and it is a great tool for teaching them to tell the time.

Automatic slideshow
Automatic slideshows start from any USB drive or memory card for all those times you don't want to spend time copying photos to your PhotoFrame.

Border Touch Control
The touch-sensitive controls of the PhotoFrame are instantly illuminated during operation, making it easy to scroll through your photos, video clips and music. In photo viewing mode, you can slide your finger along the horizontal touch border enabling you to select a new photo easily from the thumbnails shown on screen.

RadiantColor
RadiantColor is an exclusive Philips technology for displaying smaller photos in the optimal 4:3 ratio by extending the colour on the edges of a less-than-full-screen photo to the sides of the screen, eliminating black bars and aspect ratio distortion.

Eco-friendly Photoframe
Philips PhotoFrames are designed and produced according to our EcoDesign principles aimed at minimising overall environmental impact through lower power consumption, removal of hazardous substances, lower weight, more efficient packaging and better recyclability.

Smart Power Pro
Smart Power Pro is a sensor that turns PhotoFrame on and off by detecting ambient lighting condition. This reduces energy consumption for the sake of our environment saving up to one third of your PhotoFrame energy costs. The best news is that this is all done automatically!
